# THE MEDICAL SENSATION OF THE AGE—THE DISCOVERY OF PE-RU-NA

BY DR. S. B. HARTMAN.

### Other Remedies Failed—Pe-ru-na Cured.

Mrs. Chas. Steinecke, Stoughton, Wis., writes: "My experience with Peruna has been most pleasing. By carelessly leaving a heated ball room I got thoroughly chilled and caught a heavy cold which settled on my lungs. I wore a protector, took many remedies for cold without success. With my other troubles I had catarrh of the head. 'Peruna was recommended to me and I bought a bottle and soon began to improve. I kept on taking it and it cured me from all my troubles. I am pleased to testify to its merits.'"

### The World's Greatest Medicine Factory.

The rapid growth of the Peruna Medicine Company is as phenomenal in the business world as the universal popularity of their famous remedy, Peruna. The plant covers a number of acres, and employs several hundred people. No other medicine firm in the world reaches anything like the volume of business done by Dr. Hartman's firm. Although Peruna is a proprietary medicine, the details of its compounding are no secret and nothing gives Dr. Hartman greater pleasure than to show the many friends of Peruna all the es-

sential processes by which Peruna is made.

### A Doctor's Prescription.

For years Dr. Hartman used Peruna in his private practice as a regular prescription. He had no thought of manufacturing it or advertising it as a proprietary medicine until there was a demand made upon him by his many friends, who clamored for the original prescription.

### Forty Thousand Patients.

Dr. Hartman estimates that he must have prescribed Peruna for over forty thousand patients before it was advertised as a proprietary medicine.

### Cured in Four Weeks of Severe Cold on Lungs.

Miss Josie Schaezel, R. R. No. 1, Appleton, Wis., writes: "I contracted a severe cold which settled on my lungs in very short order and it was not long until it developed into a serious case of catarrh. Every morning I would raise a lot of phlegm, which was very disagreeable. My digestion was poor and my lungs sore. 'After a few doses of Peruna, I began to mend, and felt that if I kept on taking it, it would not be long until I would be well. I was right, for in four weeks I was well again.'"

"I think Peruna is a grand medicine, and wish to add my testimony to the many others you have."—Josie Schaezel.

### Pe-ru-na Removes the Cause of Catarrh.

Peruna has no bad effects upon the system and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years.

### Given Up By Doctors—Cured By Pe-ru-na.

Miss Margaret Fahey, 49 Adams street, Troy, N. Y., writes: "We have used Peruna in our family for years and I am very pleased to say that it cured me of catarrh of the lungs when the doctors gave up all hope of my recovery. 'I used Peruna for six months and at the end of that time my cough had disappeared, my appetite was much better and I had gained ten pounds and looked the picture of health. 'I am in perfect health, now, and feel that Peruna not only cures catarrh, but builds up the system, and is therefore a grand medicine.'—Margaret Fahey.

### Pe-ru-na's Popularity.

Peruna is not like so many other remedies that pass away as soon as the first few bottles are used. The longer Peruna is used in any community, the more popular it becomes.

### Pe-ru-na Actually Cures.

The reason why Peruna has become a standard catarrh remedy the world over is simply because it cures catarrh.

### This Explains Why Peruna Has Become So Popular.

This is an amply sufficient reason why it should become popular. Catarrh is almost universal. Catarrh is difficult to cure. The doctors do not care to treat cases of catarrh at all. It therefore follows that when a remedy is devised that can be used in the home at a moderate cost, such a remedy should inevitably become popular.

### Entirely Cured By Several Bottles of Pe-ru-na.

Miss Ella M. Miller, one of Washington's society girls, writes from 19 F street, N. E., Washington, D. C., as follows:

"With pleasure I recommend your medicine for catarrh of the head. Having taken several bottles, I find myself entirely cured. I cannot praise Peruna too highly."—Ella M. Miller.

### Pe-ru-na Contains No Narcotics.

There are a great many catarrh cures in the world. The most of them are local applications. Few of them are to be used internally.

Unfortunately a large number of these catarrh remedies, especially the ones prescribed by the doctors, contain narcotics of some sort. Cocaine, opium, whiskey, and other narcotics are used. These remedies give temporary relief. The patient thinks he is better right away. In a few weeks, however, he discovers his mistake. Not only is his catarrh no better, but he has acquired the habit of using some narcotic. This happens in a multitude of cases.

### One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind.

Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit.

### Strauss to Stay

Upon investigation the rumors which have been afloat on the north side for the past few days to the effect that the Rose street dry goods and clothing merchant, Wm. Strauss, was intending to leave for Montana, have proven to be absolutely without foundation.

## MRS. CONWAY AT REST

The funeral of Mrs. Mary Conway, of 528 Avon street was held at 9 o'clock this morning from the St. James church at the corner of Caledonia and Windsor streets. Rev. Ambrose Murphy officiating and William Dwyer in charge.

The funeral was a very large one and many relatives from outside of the city were present to attend the services. A large number of friends of the deceased, who was very popular, followed the remains to their last resting place in the Catholic cemetery.

### INDIANS HAVE BEEN FAIRLY TREATED IS DECISION

The debate held yesterday afternoon at the Tenth district school on the question, "Resolved, that the Indians have been unfairly treated by the white people," was decided in favor of the negative.

Gifford Davis, Roy Roth and Harold Arntsen discussed the affirmative side of the question and the negative side of it was debated by Rudolf Schallbach, William Stevenson and George Wilson.

Misses Nelson and Roche, and Prof. H. G. Hayden acted as judges.

As these debates are very interesting and are also very good in instructing the pupils as to the forms of parliamentary procedure they will no doubt be continued.

### ENTERTAINED IN WEST LA CROSSE

## MIKADO IS LIBERAL

Tokio, May 6.—The emperor has notified Grismom, the United States minister to Japan, of his intention to donate 10,000 yen (about \$5,000) the Japanese army branch of the Young Men's Christian Association. At the outbreak of the war the association established branches at the principal bases of operations in Manchuria, following the armies afield, and opened recreation and reading tents for the benefit and comfort of the soldiers.

Three American secretaries assisting in the field work made the movement so successful as to win the commendation of the army commanders and gained the recognition and assistance of the emperor.

### HOOKER CASE GOES OVER

Albany, N. Y., May 6.—Instead of presenting to the assembly charges against Justice Warren B. Hooker as the outgrowth of the investigation of the alleged improprieties on the justice's part in relation to postal affairs at Fredonia and Duluth, Chairman Fish, of the judiciary committee, asked for more time, declaring that it had been impossible to prepare charges in twenty-four hours.

He asked that the resolution already adopted calling for a series of charges to be presented at once be rescinded. After several of the members had recorded objections to a further extension of time, the resolution was rescinded and another, giving the judiciary committee time to formulate rules and form of procedure and prepare charges, was adopted. This will necessitate a special session of the legislature to hear the case.

## WEATHER THE ONLY CHECK, SAYS DUN

New York, May 6.—R. G. Dun & Co.'s Weekly Review of Trade says: Weather irregularities provided the only check to business, partly through the direct effect on retail distribution of seasonable wearing apparel, but more through the development of caution among traders in some agricultural sections where crops have been damaged or farm work retarded. On the whole, however, encouraging progress is shown in most trade reports, and industrial activity is unabated. The special jobbing dry goods sales attracted a large attendance, and results surpassed expectations.

Textile manufacturing is in a better position than at any recent date, the strength of the raw material giving additional firmness to finished fabrics. Footwear factories in New England are well engaged, and there is no reduction in the forces at work in the various departments of the iron and steel industry. Aside from the Chicago strike, there is exceptionally little friction between capital and labor, many higher wage scales going into effect this week. Traffic returns are well maintained.

Failures this week in the United States are 212, against 204 last week, 204 the preceding week, and 207 the corresponding week last year. Failures in Canada number 22, against 15 last week, 21 the preceding week, and 27 last year.

### ACT OF A SPAWN OF SATAN

Parkersburg, W. Va., May 6.—A posse of officers, accompanied by a mob of infuriated residents, are searching Calhoun county for three masked robbers who shot to death Charles Berkshire, a farmer living near Brooksville, after inhumanly torturing his wife. The robbers demanded money and the couple insisted that they had no money. The outlaws then pinched and beat the woman and applied burning matches to the soles of her feet.

Screaming in agony, Mrs. Berkshire went to count ten, in which time her husband was to tell where the money was. On the tenth count a shot rang out and her husband fell dead. The fiends, becoming frightened, fled, and it was hours afterward when neighbors found the woman in such a pitiable state of collapse that it is feared she will die.

Go to the Bijou tonight.

### GOSSIP FOR THE FANS

Hawley Hauled off and—but that was just a little incident of the game.

They do say as how Capt. Ramsey held a Wausau gentleman at second by main strength and awkwardness until his long drive was felled into third. But then, the umpire wasn't looking.

"You're pretty fat to pitch," they said, "Too fat, too fat, friend Pink." Before the game, but afterwards they had another think.

Wonder if the star shortstop got his when the team got into the dressing room.

We won't lose any points if Hawley and Ramsey know it. It's just like the man in the smear game who always claims low.

He was a rotten umpire. He didn't make a single decision that wasn't protested by one side or the other—which is fair evidence that he was pretty nearly right pretty nearly all of the time. One of the lately established ethical principles of the game is not to dispute the umpire. Can him if he don't know his business, but do it after the game. During the game, grin and bear it, if you want to please the fans. This is worth thinking about, boys.

That long, lean fellow from Hungry Point is there with the goods. Nobody, not even Cameron, could make him look like a dead one.

## ENCORE AT THE GIRALDO

Very musical persons, that Molenkamp and Lannom outfit that made night melodious at the Giraldo last night. It didn't cost any ding-a-ling to hear them, either. They'll be there again tonight and they agree to make the eolian harp sound like a rubber comb and a piece of paper in comparison. They didn't get away today. They couldn't, the boys wouldn't let them. They just had to stay, for they're the goods. So drop in on Henri Reget tonight and get your soul full of the best noise that ever tinkled from a stringed instrument.

### Storm Kills Two in Missouri

St. Louis, May 6.—The severe storms that swept over St. Louis and vicinity resulted in the death of two persons and injuries to eight, and considerable damage to property. The dead are George Benton, 7 years old, drowned, and Charles Kroeger, farmer, Edwardsville, Ill., struck by lightning.

The injured are James T. Roberts, attorney, leg broken and bruised; J. H. Grimm, attorney, leg broken; Mrs. Elmer L. Smith, ankle fractured; George Luehrman, made unconscious by lightning; William Nichol, Belleville, engineer, stunned by lightning; Mrs. Mary O'Connell and daughter, stunned by lightning.

Attorney Roberts was one of the principal witnesses in the forgery case of the late James L. Blair. He and Attorney Grimm were together when struck by a falling tree. They were together when the cyclone of 1896 swept through St. Louis, but neither was injured at that time.

## SOCIETY

By ALICE W. WHEELER

The social functions during the week have not been numerous. The house-cleaning season is at its height and all good house wives realize that this is one of the important rites which must be attended to even at the expense of social obligations. The reception given by Mrs. Maurer in honor of Miss Jane Peyton and the luncheon and tea by Mesdames B. C. and W. L. Smith were the largest events of the week.

One of the attractions at the Bijou next week will be the appearance of Donald McDonald who will give some of his popular female impersonations for which he is famous. No doubt he will be a drawing card and his friends will be liberal patrons of the vaudeville during his engagement.

## TWENTIETH CENTURY CLUB.

The Twentieth Century club was pleasantly entertained by Mrs. Albert Platz last Tuesday afternoon at her home on West avenue south. The meeting was called to order with the president in the chair. The usual routine of business was first disposed of. A communication was read from the General Federation announcing the establishment of a bureau of information at Portsmouth, Mass., where all federated clubs are privileged to apply for any information pertaining to club work in any of its departments. Another letter of interest was an appeal from the Fortnightly club of Fort Smith, Arkansas, for financial aid to assist in securing a site for a new public library it propose to build. The club has accumulated a library valued at about \$8,000 which has outgrown its present quarters. It was a surprise to all to learn that Arkansas is the only state in the union that has no free public library and that has no provision in its constitution by which funds can be raised for this purpose. The Twentieth Century club decided to assist these women in their brave struggle by making individual donations as any member may see fit. The study work was ably conducted by Mrs. McWilliams, the lesson being the concluding one of the study of Mexico. In the absence of Mrs. Tiffany the article she was to have presented was read by Mrs. Knutsen. Refreshments were served by the hostess during the hour of rest and sociability. The next session of the club will be the annual meeting at which the retiring officers will render reports and the officers for the ensuing year will be

## RECEPTION.

There was a delightful reception given Tuesday afternoon by Mrs. A. A. Maurer in honor of Miss Jane Peyton, leading lady of the Earl of Pawtucket. Receiving with Mrs. Maurer and Miss Peyton were Mrs. Robinson and Miss Forbes, both members of the company. It was a strictly informal affair, consequently exceedingly pleasant. The dining room was decorated in a simple but attractive manner with pink and white carnations and ferns. Mrs. James Stras presided at one end of the table pouring the coffee while Miss Margery Sill did the honors at the opposite end. Punch was served in an adjoining room by Miss Georgine McDonald.

Miss Peyton is not unknown to La Crosse theatre goers she having appeared here four years ago in the Andrew Mack company. She spent a week in the city at that time and made many friends who gladly welcomed her upon her return. She is a charming woman, vivacious and original, full of humor and gracious in manner, welcoming each guest with frankness and cordiality at once winning her way to their hearts. All enjoyed meeting Miss Peyton in private life and regretted that her engagements prevented a longer stay in our city, but one thing she may be assured of a hearty reception and hosts of new admirers upon her next visit to La Crosse.

## LUNCHEON.

Mrs. Burt C. Smith and Mrs. W. L. Smith gave a luncheon Wednesday at the home of the former. The rooms were daintily dressed with fragrant apple blossoms, carnations and roses. ## JAPANESE TEA.

Miss Bertha Schintgen entertained a number of little folks at a Japanese Tea in honor of her niece Leonora Reimers of Philadelphia. The little guests came attired in pretty Japanese gowns and carried out the idea in a realistic way, flirting their fans and toddling around on their little feet. The dining room was made to represent a Japanese garden hung with colored lanterns, parasols, fans and branches of cherry blossoms. In the centre of the table was a large moss covered nest filled with eggs and tiny rabbits. At each plate was a fancy candle holder with a lighted taper. The guests were Gretchen Salzer, Katherine Grigg, Eleanor Schweizer, Elizabeth Wolfe, Janette Anderson, Gladys Pammell and Charlotte, Lucy and Leonora Reimers.

## TEAS.

Wednesday Mrs. B. C. Smith and Mrs. W. L. Smith gave a delightful tea. The guests were Mesdames Wright, Thwing, George Powell, Getts, M. Friday evening a number of the friends of Mrs. George Burton gathered at her home per invitation to do honor to her birthday. A six o'clock dinner was served, the table covers being laid for twelve. In the centre was a Maypole which the guests unwound during the courses.

The guests were Mr. and Mrs. John Brindley, Mr. and Mrs. L. C. Colman, Mr. and Mrs. G. M. Heath, Mr. and Mrs. C. S. Cone, Mr. and Mrs. Alfred James, Mrs. Bryan and Miss Barbara Russell.

**THE CHARITABLE MR. BIGELOW.**

The latest victims of Banker Frank G. Bigelow who stole millions from the Milwaukee First National are a children's home, and a widow formerly a servant in the Bigelow household. Mrs. Kate Cambridge, the widow, was victimized to the extent of \$2,275.

This is the same charitable, bighearted Mr. Bigelow whom a writer named Pollard defends as a most noteworthy specimen of generous manhood, always ready and anxious to help out a struggling young man with a few dollars.

This is the same Mr. Bigelow who made himself prominent and popular in the largest city in Wisconsin by his large and frequent donations to charity.

There are few among us who could not gain notoriety were we to reach into the savings of widows and orphans to give to charity.

It was not Frank G. Bigelow who donated to charity—it was the widow and the orphans, whose savings he stole.

And as time goes on no doubt we will find more of the "free givers," lionized and loved, whose donations are stolen from the savings of widows and orphans.

There are lots of them and the world will find them out in time.

It is an old theory that the petty thief suffers while the man who steals millions goes free.

The public will watch with some interest the operation of the law in the case of the generous and big hearted Mr. Bigelow.

**THE BASEBALL TEAM AND THE FANS.**

There were fewer people at the ball game yesterday than there were the day the series opened, but it was a more enthusiastic lot of people, and they got their money's worth. It was a good game in most respects and was fought out with an earnestness and vigor that was delightful to witness.

It will be felt that there is to be given here this year a line of entertainment that deserves liberal support. We are to try the question of whether La Crosse is city enough to support professional ball. It is big enough and pleasure loving enough. Has it got the right spirit? If we fail to demonstrate that it has, we will be admitting that it is lacking in one of the features that go to make up a really truly city. That this confession will finally be made we do not believe. We prefer to believe that all the live men of La Crosse will patronize the ball games and will "boost" for them, and that the game will prove self sustaining.

There has been general satisfaction over the character of the games to date, but we hope no offense will be taken if we presume to suggest a few particulars in which improvement might be made. This has no reference to the bad errors on "short" yesterday, or to other little misplays that occurred, for the best players in the business have their off days, and it is too early to adversely criticize the performances of any individual on the team. But there was some displeasure in the grandstand yesterday over the "kicking" on decisions. To please the public is the object of the baseball management, and one who is a spectator can tell better what the public smiles on than can the man on the diamond. They didn't like the "kicking," they want the teams to accept the dictum of the umpire. If he is bad, release him—after the game.

**PINK'S BASEBALL HEAD.**

Pink Hawley is in a good way to prove a most satisfactory character on the baseball diamond. Pink is an "old timer," and it is usually said of old timers that they "have seen their best days," that they are "too fat," and a dozen other things of the sort. We do not presume that Pink Hawley is the player that he was in the heyday of his career in the east, but during that career he acquired one thing that is invaluable. He is not the best pitcher in the world in point of delivery; they can hit him out now and then, so he is not invincible so far as his arm is concerned. But his "head" is there. There is nothing in the game so valuable as a "baseball head." Pink's "head" was demonstrated yesterday on three different occasions. Three times with two on bases and nobody out, he faced a condition where the average pitcher goes to pieces. Then Pink's head got in his work. He moved with what seemed to be a painful deliberation, but it was for a purpose. Between every pitched ball he steadied the team. It was slow, cautious work, but in each instance he wormed out of the predicament, once with a run and twice with a shut-out. There were moments when every La Crosse sympathizer in the grand stand would have sold the game for a sack of peanuts. It looked bad, but in two instances in the face of discouraging support that had put him in a hole, Pink Hawley's head work pulled the chestnuts out of the fire.

## Captain of University Track Team Will Coach Ripon College This Season

BY ROBT. E. KNOFF.  
(Special Tribune Dispatch.)

MADISON, Wis., May 6.—Emil Breitkreutz, captain of the University of Wisconsin track athletic team, has accepted a position to coach the track team of Ripon college and will therefore turn professional and cease to compete in amateur intercollegiate athletic contests. While this decision is a loss to the badgers, it is no shock, for it has been known for months that Captain Breitkreutz was in bad spirit

and for the last two months has been out of harmony with Track Coach James Temple. After Lightbody of Chicago defeated Breitkreutz in the first indoor meet, the Wisconsin coach spoke complainingly to the badger captain and shortly it was announced that Breitkreutz was "physically unable to continue training." It was known that he had quit the team in a huff. It was whispered that he feared defeat by Lightbody in the subsequent meets and had therefore announced that he was sick and that his physician required that he suspend track work. This "yellow streak" story is not generally believed. Breitkreutz is undoubtedly an excellent athlete.

Complaint is heard from the track team that Manager Downer will not allow them adequate paraphernalia. It is said that only two pairs of running shoes have been given the entire squad of athletes this season. Other similar complaints are numerous. Manager Downer is making a strenuous effort to keep down expenses because the athletic association is badly in debt. This is his reason for the extreme economy.

## PERRY FREED OF CHARGE

Notification has been received by friends in this city today of the acquittal at Chicago of Banker I. N. Perry, formerly of La Crosse, who was charged with setting fire to the Hegewisch, Ill., Car and Locomotive works of which he was the president, with a purpose of defrauding the insurance companies.

Mr. Perry had been tried two times on the charge of arson connected with the Hegewisch fire.

Perry was the president of the National Bank of North America to which it was claimed that the locomotive works were indebted. It was claimed that Perry wanted the insurance money to pay these claims.

Miss Bertha Riek, who has been teaching at Aiken, S. C., for a number of years, has returned to her home in this city, having been successful in obtaining a position in the La Crosse public schools.

## LA CROSSE TAKES THE SECOND GAME

After one of the most exciting games ever witnessed on a La Crosse diamond, La Crosse yesterday won from Wausau by a hit made by Donnelly in the last inning which allowed a score. The final score was 3 to 2 in favor of La Crosse.

Up to the time of Donnelly's hit the score stood 2 to 2. When Donnelly hit the first ball however and sent it spinning clear of all the gardeners of the right field and made two bases himself besides allowing Dodge to score from second base, the enthusiasm was immense. La Crosse now stands equally with other teams of the league. The score was:

## GEORGE W. BRICE IS LAID TO REST THIS AFTERNOON

**Famous La Crosse County Man Died  
After an Active Life in Commu-  
nity and in Politics**

George W. Brice, one of La Crosse's oldest and best known citizens, passed away at the St. Francis hospital Thursday afternoon after a long illness. Deceased was 69 years of age, and had resided in La Crosse county since 1855.

George W. Brice was born in Franklin county, Vermont, Feb. 9th, 1836. He moved into this county with his parents in 1855 and located on what later became known as Brice's Prairie. In the civil war in 1863 Mr. Brice took part as a volunteer with Company 1, Thirty-sixth volunteer infantry, and he fought through the entire war, taking part in most of the important battles in which the army of the Potomac participated. He was mustered out of service with his regiment at Louisville in 1865.

Mr. Brice re-engaged at farming at Brice's Prairie after the war and remained there until 1870 when he took up the sale of farm implements and pumps. He remained in this business until he was elected registrar of deeds of La Crosse county.

Mr. Brice was very active politically. The very first year he was a voter he held the position of constable, later he was elected justice of the peace. In 1870 he was elected

assessor of the town of Onalaska, holding that position for six years. He served on the county board about nine years and was chairman of the board three years.

He became registrar of deeds in 1884 and held this office for three terms of two years each. In the spring of 1891 he was re-elected supervisor from the fourteenth ward of the city of La Crosse.

Mr. Brice, a prominent Odd Fellow, had passed through all of the chairs of Odd Fellowship and was also a member of the blue lodge A. F. & A. M., having been W. M. of the lodge at Onalaska for two years.

Politically Mr. Brice was always affiliated with the republican party and took a leading part in all affairs of municipal government.

He is survived by his widow and three grown children. They are Harvey C. Brice of Duluth, who arrived here yesterday and Robert E. Brice and Miss Myrtle Brice of this city.

The funeral took place this afternoon at 2 o'clock from the residence and was attended by the members of the local posts of the G. A. R. and members of the local lodges of Masons and Odd Fellows. Interment was made at Oak Grove cemetery.

**MCDONALD AND OTHER  
LEADERS ON**

Unless the popular opinion is wrong next week will be the best ever experienced since the opening of the Bijou, both in point of attendance and quality of attractions. Frequently the booking agent of a theatrical circuit will pick up a bad act, and in this way often something not up to the standard is presented. For next week however Manager Gallagher has secured one of the best shows ever seen here, and as a special feature has secured Donald McDonald of this city, son of Captain D. A. McDonald, and one of the best known young theatrical men in this section of the state.

The bill speaks for itself—and it speaks volumes.

Donald McDonald will appear in his clever imitations, at every performance. Casad and De Verne, in a comedy musical act, promise to rival anything of this kind ever seen on a local stage and the illustrated song, "Little Dolly Driftwood," by J. R. Kerr, is sure to be pleasing. Zara & Zara are lightning change artists, who go through 25 transformations without leaving the stage. La Drew & La Zone are a novelty sketch team which should please all. Zara & Zara played last week at the Chicago opera house.

The moving pictures will be as usual delightful and will combine comedy, tragedy and vivid interest.

Yes, Donald McDonald, the well known La Crosse actor, will appear all next week as a special attraction at the Bijou, in imitations.

**Poems You Should Know.**  
There was a man who coughed so long,  
So hard, and so severe,  
That all his neighbors got alarmed,  
And for his life did fear.  
They recommended this and that,  
Of remedies galore,  
He took them all, but still coughed on  
Yes, harder than before.  
Then came a friend, who used to cough  
For days and nights, like he—  
He whispered in his ear a name,  
That you below will see.  
The man he took the remedy  
As he was told to do,  
Gray's Yerbe Santa saved his life—

## KING EDWARD'S HURDLER WHICH LOST NATIONAL

MOFAA, THE NEW ZEALAND JUMPER.

ARREST FOR RIOT INCITERS  
IS BEST MOVE YET MADETHIS IS THE OPINION OF A POLICE  
OFFICIAL IN THE  
CHICAGO STRIKE"Flying Squadron"  
Sent Out to Min-  
gle With the  
Crowds

Chicago, May 6.—"The chief's instructions shall be carried out to the letter," said Inspector Lavin, who is inspector in charge of all the downtown district. "It is the best move yet made, and will be effective. If the idle men of Chicago don't want to get into jail, let them get away from the strike." This was said after receiving an order from Chief O'Neill to "arrest every man found following a wagon owned or controlled either by the Employers' Teaming company or a firm that is on the 'struck' list and put him in jail."

## Tired of Being a "Good Fellow."

"I am sick and tired of trying to be a good fellow," declared the chief to his subordinates. "The people don't seem to appreciate it. At first I realized that a large proportion of the crowds consisted of persons drawn there by curiosity. A mob was something more or less new, and they wanted to see it. Now I want all such 'curious' persons arrested and locked up. Keep them locked up till they are ready to be taken before the judge, and let the man on the bench do as he thinks best. I am going to stop these street disturbances if I have to arrest every man in Chicago."

## "Flying Squadrons" Are Abroad.

Two more moves were made by the officials that peace loving citizens thought looked like business. Sheriff Barrett adopted a plan of sending out "flying squadrons" of deputies, in groups of ten, to mingle with the crowds and stop all incipient rioting. The first squad left the sheriff's office shortly before noon commanded by Deputy Sheriff Morrison. Each squad will be commanded by an experienced officer. For the purpose of quelling scattered rioting and disarming the vicious element in the streets, Chief O'Neill and Assistant Chief Schmettler also began the organization of "flying squadrons." These forces are being made up by the assistant chief from the picked men of the department. They are to sweep through the city independently and swoop down upon trouble wherever they find it. Idlers are to be disarmed.

## Sheriff Spys Out the Land.

Sheriff Barrett, "incognito," took a flyer through the streets in the disturbed section. He was known to some, but unknown to many, and he got a perfect idea of the situation in the district he visited. The sheriff passed the greater part of the day in the downtown streets. On his return to his office he said he had seen "no real rioting, only a few little fusses." As a matter of fact there was a decrease of the turbulence all day. Some rioting marked the early movement of wagons, a Marshall Field & Co. delivery in the south division having been interfered with by a mob of several hundred persons who only yielded to the demand to disperse after the police had made a number of arrests. But as a rule rioting was less pronounced all over the city.

## WHAT WERE THEY THERE FOR?

Men Who Had Been Appointed Deputies  
Shy at the Instructions.

Deputy sheriffs that have been sent out to guard wagons have received orders to shoot. "We mean business, should there be any interference with wagons under guard of deputy sheriffs, and the interferers resist arrest they will be shot. The deputies have orders to shoot in those circumstances," said Chief Deputy Peters. At that time fifteen deputies were hastened from the sheriff's office to the barns of the Employers' Teaming company at Franklin street and Jackson boulevard.

Peters declared that the office had caught many "ringers" from the labor

unions seeking to become deputies. Every one, when detected, was turned away. Others of this sort were sworn in. Then came the instructions. They were told: "The deputies employed must be prepared to enforce the law. They will be sent out for that purpose." As one result of this announcement ten deputies handed in their stars, expressing a desire to keep out of trouble of any kind.

The attempt to get out the men employed by the Union Traction company is a failure so far. International President W. D. Mahon, of the street railway men's unions, says there is a strong feeling among the rank and file for a strike. But he says he has been through a lot of strikes and doesn't want anything of the kind among his men here.

The teamsters for Karpen Bros. and the Kinley Manufacturing company, who are on strike, went to the ball game on tickets furnished by the companies. After the drivers were well out of the way the two firms sent out their wagons with independent drivers and made deliveries to boycotted stores.

Zara is a youth and Zara is a maid and one of the puzzles is to distinguish which is which.

Woman is Charged  
With Murder of  
her Child

MILWAUKEE, Wis., May 6.—On a warrant sworn out by Coroner Henry Broegman, charging her with the murder of her infant child Julia, Mrs. Anna Holanec was arrested at the county hospital by Deputy C. J. Matuszewski and removed to the county jail at 5 o'clock yesterday afternoon. The woman was at first violent and made some resistance to being locked up, but became tractable by 6 o'clock and partook of some supper. She will be given a preliminary examination by Judge Neelen in the district court this morning and will probably be examined as to her sanity later. While an inmate at the county hospital on April 21, Mrs. Holanec threw her infant daughter from a second story window, leaping after her. The fall was fatal to the child, but inflicted only slight injuries on the woman.

Laborer Killed  
by Freight Train

MILWAUKEE, Wis., May 6.—While walking along the railroad tracks one mile east of the Layton Park station Thursday Patrick Grams, a laborer, was killed by a freight train. He was about 40 years of age and had a wife and family on Seventh avenue south of the city limits. The body was brought to the National avenue station of the Northwestern road by the train crew and then removed to the morgue.

Arrest May Prove an  
International  
Affair

MILWAUKEE, Wis., May 6.—If the claim of James Smart, in jail for indecent conduct, proves true, President Theodore Roosevelt may have another reason to hasten his return to the national capital.

Smart says he is connected with the Brazilian legation at Washington, and, if he is correct and awakens to the fact that such connection makes him immune from arrest, a startling vista of international complications resulting from his arrest presents itself.

Smart was apprehended near Juneau park on Thursday afternoon and when he was brought into the station he was too angry to talk. He is distinguished looking, swarthy, with aristocratic features and crisp, curly hair.

When he appeared before Judge Neelen on Friday morning, he made a strong plea for clemency, saying he knew little of this country, and that he had been robbed of his money while asleep in the park. He had a little less than \$5 in his pockets when arrested and it was scattered in several different pockets, as if he had been careless in taking care of it.

Smart says he is an interpreter for the Brazilian legation at Washington, and that he is on a little pleasure trip to the northwest. He says he was staying at the Hotel Pfister.

He says he was asleep on a bench in the park, and that when he awoke and walked toward the hotel he missed a pocketbook with \$80 in it. He went back to look for it and was arrested.

Judge Neelen continued the case until today, but if it turns out that Smart is really an attache of the legation, that usually inflexible dispenser of stern justice may confront the unpleasant necessity of apologizing for imprisoning a foreign citizen in diplomatic service.

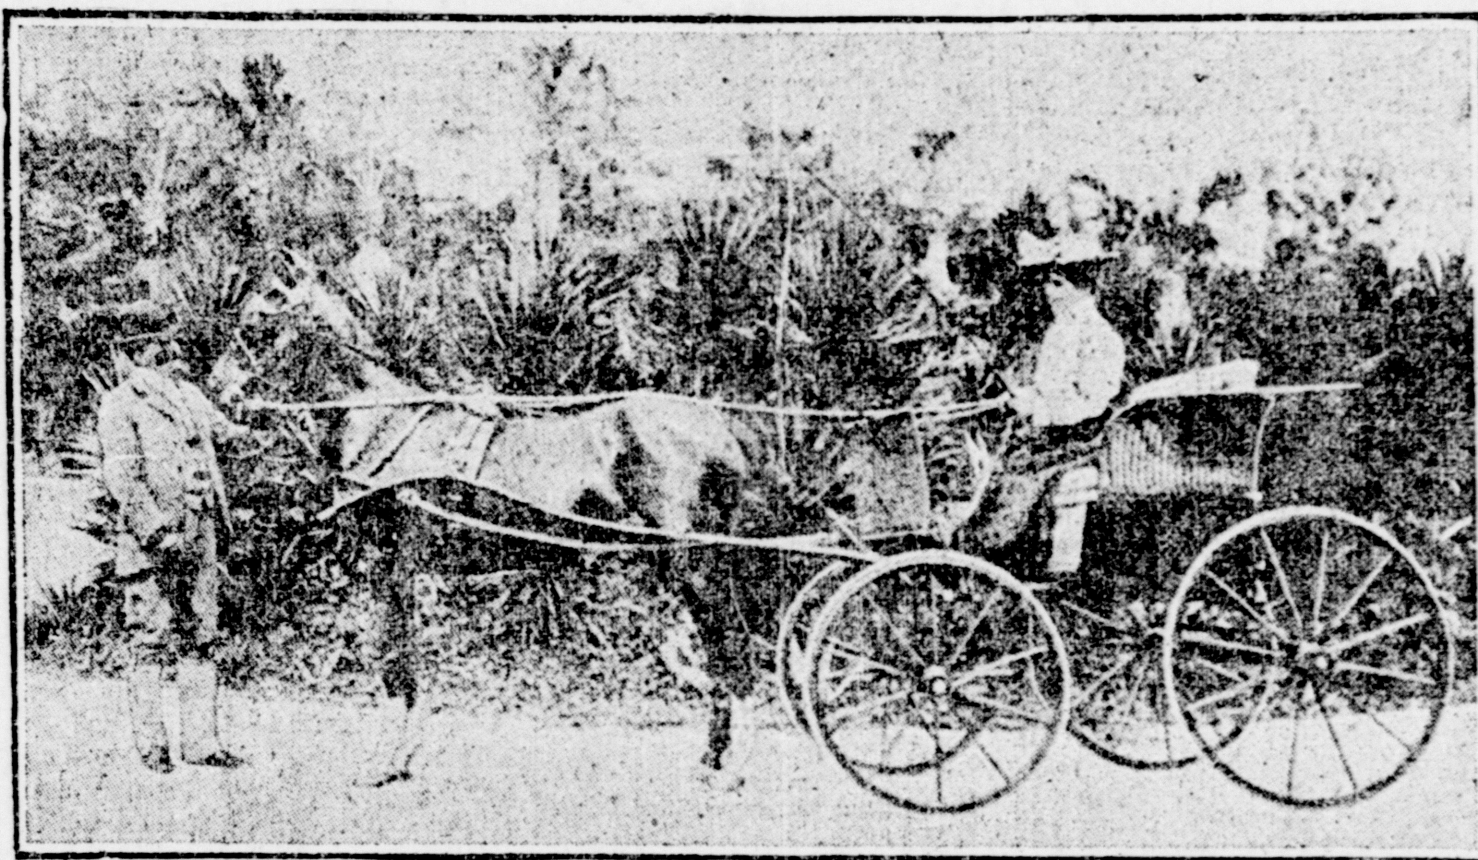

Judge Neelen declared yesterday that he would mete out the same kind of justice to the Brazilian as he gave to ordinary everyday Americans.

## HOME RULE IS THE ISSUE WHICH WILL NOT DOWN AND STAY DOWN

## MOSSBACKS OF THAT IRISH COUNTRY NEVER FORGET THE OLD SORE

### Ulster is a Bother to Premier Balfour

London, May 6.—Ulster Unionists are determined if possible to purge the Irish government of all trace of the late conciliatory regime, begun under the auspices of the Balfour ministry. This purpose is assuming the form of an organized campaign in the Unionist press of England. The agitators demand the expulsion of Lord Dudley and Sir Antony MacDonnell from Dublin castle and the cessation of attempts to govern Ireland through the co-operation of the Nationalists and priests. In other words, they urge the immediate return to the old principle of ruling the country without regard to the feelings and opinions of the overwhelming Nationalist majority of the people.

the people.

**Cabinet in a "Very Bad Way."**  
It is no secret that Balfour and his colleagues, who at the best are in a very bad way, are greatly embarrassed by the Ulster agitation. They would willingly enough grant what is demanded, but for the fear of alienating a large section of English opinion, which it is hard to get to reconcile itself to a government of sheer despotism in Ireland.

**Balfour Speaks to Ten Thousand.**  
Premier Balfour speaking before 10,000 people at Albert hall, the occasion being the annual meeting of the Primrose League, did not make the slightest reference to the compromise arrived at on the fiscal question. He defended all the acts of the Unionist party and said that the sole weapon of the opposition consisted in motions for censure of the government on questions which would come before another parliament. He predicted that the country would never return the Liberals to power while the latter upheld the disestablishment of the church and home rule, or made any attack on the union of England and Ireland in the disguise of the devotion which was a dangerous step in the direction of breaking up the United Kingdom.

**Devolution Scheme Explained.**  
Briefly, the Dunraven devolution scheme proposed to remove from the immediate control of parliament certain functions connected with purely Irish business, and for administrative control of purely Irish finances, the house of commons having the right of veto. For this purpose it was proposed to create a financial council of twenty-four members, twelve to be elected by groups of existing parliamentary constituencies and twelve to be nominated, the council to be under the presidency of the chief secretary for Ireland. It was also proposed to create an Irish body selected from Irish members of the house of commons and the house of lords, which should deal with business relating to Irish affairs.

**MacDonnell Continues Busy.**  
Sir Antony MacDonnell, in spite of the Ulster opposition, continues to consult the representatives of the whole nation in his endeavor to ascertain the wishes and needs of the population. The Ulster minority and its Unionist supporters in England demand the absolute severance of the Irish government from the Irish people. They warn the Balfour cabinet that unless it meets their wishes they will withdraw their support from the government in the house of commons.

## Farmer Travels to New York to Deny the Story

New York, May 6.—Samuel Winfield Miller, a farmer of Cedar Rapids, Ia., came to this city accompanied by the United States marshal of that district to appear before the local authorities to prove he is not the Samuel Warren Miller for whom the government officials came to this city in connection with the stolen \$10,000 United States bond Lewis O. Wilcoxson is alleged to have attempted to negotiate.

Miller, of Cedar Rapids, says he has been much annoyed by the notoriety that has come to him. When he and the marshal appeared in the federal court they were told the affair could not be attended to at that time. The marshal was told to turn Miller over to the local authorities, but declined most positively, saying he and his friend would go to a hotel and appear again to have the matter straightened out.

Never again will you have such a golden opportunity to dress in such raiment at such a trifling cost.

### LISTEN TO US LISTEN

Don't be skeptical about what our competitors say. A visit to our store will prove that what we say is only half of what we claim. Never in the history of La Crosse has such a stock of High Grade Merchandise been offered to the public at less than cost of production--Being pinched for room and having a surplus stock of high grade merchandise we are compelled to sacrifice our entire stock, consistent with alterations we are contemplating.

## LA CROSSE AND TOMAH BOOKED FOR THE RIPON INTERSCHOLASTIC MEET

(Special Tribune Dispatch)

RIPON, Wis., May 6.—With the date of the Central Wisconsin Interscholastic meet still two weeks distant, the Ripon College Athletic association, which is to manage the meet, has received assurances that the attendance will probably be the biggest at any high school meet on record in this state, except the annual state meet at Madison. Schools far distant are to send teams, among the teams entered being those from the La Crosse and Tomah high schools. These schools have never before entered in any eastern Wisconsin athletic meet, and owing to the distance from Ripon were not included when invitations were sent out. The La Crosse and Tomah schools, however, expressed a wish to compete with the high grade eastern Wisconsin teams, and promptly accepted invitations which were then sent them.

The success of the meet is so far assured that the Fond du Lac high school which won the cup last year, but which had decided to attend another meet at Appleton on May 20, the day following the Ripon meet, has reconsidered its decision, and will make its best efforts to win the Ripon

cup, which if won this year, will be the permanent possession of the Fond du Lac school. The Fond du Lac boys will take their chances of winning honors at Appleton, after one day of work on the Ripon college campus.

No complete list has been given out by the Ripon college authorities, of the high schools entered, but it is certain that teams will be present representing in addition to those already mentioned, the following high schools: East Green Bay, West Green Bay; Oshkosh, Berlin, New London, Marshfield, Plymouth, Ripon, Sheboygan and Portage. The Fond du Lac entry has not been received, though it is understood to be on the way.

In addition to the silver cup to the high school winning the most points at the meet, the following prizes are offered: A gold medal to the individual winning the most points, the medal being made up as a watch fob; a gold medal made up as a watch fob to the athlete breaking a state interscholastic record; a silver medal to the winner of each event except the relay race; a silk banner to the team winning the relay race.

Emil Breitkreutz, who is acting as coach of the Ripon college track team, while conducting some classes in the college, will be umpire of the meet. Breitkreutz is the University of Wisconsin star athlete, captain of the track team, and holder of the conference record for the half mile run. He was forced to give up work with the state university track team this year because of trouble with his ear.

The work of the Ripon college athletes is being pushed forward vigorously in the hope of winning the athletic meets to be held this spring. The track and field teams will meet the Oshkosh Normal teams May 20, the day following the inter-scholastic meet here, and on May 27 the annual meet with Lawrence university will take place at Appleton. Last year the Ripon college teams defeated the Lawrence men, but several of the best athletes graduated last June, and it is to train the large amount of promising new material that Breitkreutz has been asked to help the college. In addition to these two joint meets, the Beloit track team has challenged the

Ripon track team, and the challenge will probably be accepted. This meet would take the place of the quadrangular track and field meet proposed by Marquette college at Milwaukee, to include Ripon, Beloit, Marquette and Lawrence. This meet was abandoned as the only date on which grounds could be secured in Milwaukee was during the examinations at all the other college affected.

## GERMANS ENJOY WILLIAM TELL

The Milwaukee German Theatre company last night presented "William Tell," at Germania hall to a large and representative audience of the German speaking population of this city.

The play was given in commemoration of the death of Schiller and was well attended. It was the first German play that has been presented in La Crosse for several years and was enthusiastically received.

Music was furnished for the occasion by Kreutz's La Crosse orchestra. The musical program was highly appreciated and every number was enthusiastically enjoyed. La Crosse certainly has in the Kreutz orchestra an excellent musical organization—better than is found in many of the large cities.

The program includes an address upon "The Place of the World in Evangelism," by the Rev. J. O. Buswell of Hurley; a talk to juniors, by Mrs. Nellie Bowstead of Milwaukee; a song service, conducted by C. B. Willis of Milwaukee, and addresses by the Rev. C. H. Beale of Milwaukee, Dr. W. O. ## INFANTS HOME AND AGED MIDOW THE VICTIM OF MILWAUKEE BANKER

MILWAUKEE, Wis., May 6.—Among the latest of the claims against Frank G. Begelow which are daily coming to light are two which are among the most pathetic of all, \$7,000 to the Milwaukee Infants' home, and \$2,275 to Mrs. Kate Cambridge, widow of John Cambridge, and a former servant of Mr. Begelow's.

In one instance the victims are the unfortunate little ones who, deprived of a fair chance in this world by the accident of birth, are cared for by charity. In the other, the sufferer is an aged woman, who in spite of her sixty-nine years, is still toiling for a living, and who has seen her little fortune wiped out by one blow. In one case, it was charity funds which were used, for the Milwaukee Infants' home is supported by the generosity of the public as a refuge for sick little ones, many of them half-orphaned, whose parents are not able to care for them properly when sick, the only restriction to admittance being that the child must be of legitimate birth. In the other case, the money used was the inheritance left to a widowed woman because she had proved herself a faithful servant.

Loaned Money on His Notes. Both disasters are the result of absolute confidence in Mr. Begelow, his note being accepted as the best possible investment. The directors of the Milwaukee Infants' home, having the \$7,000 on hand, and wishing to invest it, accepted Mr. Begelow's proposition to loan it to him and they now hold his note for \$7,000.

Mrs. Cambridge trusted Mr. Begelow absolutely because she worked for three years in his family, and because when, six years ago, she went to him with the money which had been left her by Mrs. Helms B. Wells, Sr., intending to deposit it in the bank, he told her that the bank would only give her 3 per cent, and he would give her a higher rate. She still continues her life of toil working as housekeeper for Helms B. Wells and wife, 676 Astor street, her employer being the son of the woman who at her death had remembered thirteen years of faithful service.

Mrs. Cambridge will be one of the creditors who will appear at the first meeting in the bankruptcy proceedings next Monday.

## BOARD WILL INSIST UPON BEAUTIFICATION OF TREES

The board of public works has issued the usual order with regard to

the trimming of trees on the boulevards and overhanging sidewalks of the city, and property owners have been informed that they will be required to do the trimming this month to a distance of ten feet above the highway or the work will be done by the board.

The city wagons will be used this month to collect tree trimmings, and all such trimmings piled on the boulevards will be removed free of charge by the city.

Word has been received here of the serious illness at Chicago of Clarence J. Stevens formerly of this city.

## TRIM YOUR TREES

Notice to Property Owners: The undersigned board of public works will remove free of charge all shade tree trimmings during the month of May, 1905, all trimmings to be placed on boulevards by owners. (Signed) H. J. BECKWITH, GEO. FALK, A. J. ROBERGE, Board of Public Works. Dated May 6, 1905
